Terms of Acceptance

The goal of our office is to enable patients to gain control of their health. To attain this we believe communication is the key. There are often topics that are hard to understand and we hope this document will clarify those issues for you.

Please read the following information and if you have any questions please feel free to ask one of our staff members.

Informed Consent:

A patient, in coming to the Superior Spine Care clinic, gives the Chiropractor, Massage Therapist and/or Physical Therapist (henceforth known as practitioner) permission and authority to care for the patient in accordance with the necessary tests, diagnosis, and analysis. The clinical procedures are usually beneficial and seldom cause any problems. In rare cases, underlying physical defects, deformities or pathologies may render the patient susceptible to injury. The practitioner, of course, will not give any treatment or care if he/she is aware that such care may be contra-indicated. Again, it is the responsibility of the patient to make it known, or to learn through healthcare procedures what he/she is suffering from: latent pathological defects, illnesses or deformities which would otherwise not come to the attention of the practitioner. The practitioner provides a specialized, non-duplicating health care service. Your practitioner is licensed in a special practice and is available to work with other types of providers in your health care regimen. I understand that if I am accepted as a patient at Superior Spine Care, I am authorizing the practitioners to proceed with any treatment that they deem necessary. Furthermore, any risk involved, regarding treatment, will be explained to me upon my request.

Women Only:

To the best of my knowledge I **am / am NOT** pregnant and (**give my permission / don't give permission**) to x-ray me for diagnostic interpretation.
